

## Civic Exchange Energy Seminar no.11:

### ROLLING OUT RENEWABLES IN THE GREEN PRD - How Realistic and How Soon?

Civic Exchange hosted the 11th Energy Seminar. 160 delegates attended the event for an expert discussion with stakeholders in the power sector.

- **Mr. Andrew Lawson**, Civic Exchange summarized the picture of solar, wind and hydro-power generation across China, with reference to the NDRC Outline for the PRD 2008-2020. [[PPT presentation](#)]
- **Prof. Alexis Lau**, HKUST, based on his research, summarized the technical potential for large-scale renewable energy generation in Hong Kong and Guangdong – what and how much can be produced where? [[PPT presentation](#)]
- **Mr. Richard Lancaster**, Chief Operating Officer – CLP Power Hong Kong, described wind-farming in southern China from a commercial operator's point of view. [[PPT presentation](#)]
- **Mr. Robin How** of Iceberg Capital discussed the rollout of solar technologies in southern China. [[PPT presentation](#)]
- Two expert commentators – **Dr. KK Chan** of Nature Elements Capital and **Mr. Liam Salter** of Reset, led an engaging discussion and then all speakers joined in and responded to questions from the audiences.

**Presentations** and event **photos** are now available:
