

First, on behalf of all the members of 80-20 Initiative, the Executive Committee takes this opportunity in the New Year to express **our most sincere gratitude to Dr. SB Woo**, who first initiated the idea of an Asian American PAC with a block-vote strategy, brought together many prominent Asian American leaders and launched the 80-20 Initiative in 1998 and has since then dedicated more than a decade of his life to the growth and development of this unique organization. Over the last nine months, Dr. Woo, by working with ALL OF YOU, created a miracle by doubling our membership in only 9 months in such a difficult economic time for our nation. This is also an opportunity for us to say **THANK YOU to all the 80-20 members** who have made this miracle possible by coming forward and becoming members!!!

Going forward, SB will continue to search for a new president and executive director for 80-20 and maintain valuable political contacts at the national level. In the interim, the Executive Committee has formed a Collective Leadership to carry out the day-to-day functioning of 80-20 until a new president is identified.

2012 is the national presidential election year. Increasing 80-20 membership will show our community's growing political clout. Therefore, to check the status of your membership, please go to:
